#### Profile

We, Hindustan Coatings, are engaged in providing a wide range of Painting Services. Incorporated in the year 2002, under the guidance of our mentor and guide, Mr. Satish Katyarmal, we have been able to develop a huge customer base all across the globe in a short span of time. He has vast industry experience and knowledge has brought us remarkable recognition and has placed us amongst the topmost service providers in the country. Our turnover has scaled US\$ 1-10 Million (or Rs. 4-40 Crore Approx.) in a short span of time. These services are applied for various residential, commercial and industrial establishments.

We have a team of skilled workmen who are proficient in providing world class services to our clients within a given deadline. The paints used are sourced from reliable vendors who ensure that they conform to international quality standards. Moreover, a wide combination of several different paints can be used to create the look as desired by clients. These services can also be customized as per client specifications.

We also engage ourselves in several market research activities and devise our service strategies based on the feedback and suggestions given by our clients. We keep abreast with the latest changes in the use of painting tools and equipment in the market and imbibe them in our services.
